General Summary

Dr. King joined Texas Oncology in 2015 as the first fellowship trained Breast Surgical Oncologist in the Austin region. She treats the entire spectrum of breast conditions, ranging from benign to malignant disease. She also has additional training in Advanced Oncoplasty which is the application of plastic surgery techniques to oncologic procedures, providing better aesthetic results while effectively treating breast cancer. She is passionate about delivering the absolute best, most up to date care in a caring, supportive environment. In addition to her clinical role, she is the leader of Texas Breast Specialists-Austin and sits on statewide and national Breast Surgery committees.
