Other Information

Angela is married with an eight-year-old son. As a family they enjoy hiking, traveling, and playing with their dog, June. In her rare free time, Angela enjoys reading, yoga, and Pilates. She is also very involved in her son's parent-teacher association.

What is your personal philosophy around patient care?

All patients should leave every physical therapy session feeling better than when they came in. All patients should be treated with dignity and respect.

Why did you become a Physical Therapist?

Angela knew she wanted to be a healthcare provider in some capacity. As a physical therapist, it is extremely rewarding professionally and personally to assist with reducing pain and restoring independence.
