General Summary

Dr. Kodali joined Texas Oncology in 2008. She treats various cancers including breast, lung, and colon cancer as well as other cancers. In addition, she treats benign and malignant blood disorders such as leukemia and lymphomas. Her philosophy is to empower patients to receive high quality, holistic and compassionate care in their own communities. Her areas of interest include breast cancer, hematological malignancies, cancer genetics, and cancer prevention and survivorship.

Education

Dr. Kodali was awarded medical degree in 1999 from Andhra Medical College in AP, India. She completed her internship and residency in Internal Medicine at St. Vincent Hospital, Massachusetts. Dr. Kodali also received post-doctoral training at Brigham and Women’s Hospital, Boston where she worked in the Weiner Lab. Her clinical rotations took place at Memorial Sloan-Kettering, New York. She earned a master’s degree in clinical research and received her fellowship training in Hematology, Oncology, and Transplantation from the University of Minnesota. She’s a graduate of the advanced course in cancer genetics through the City of Hope, California.

Research Interest

Dhatri Kodali, is a member of the breast committee and hematology committee of the US Oncology Research and conducts clinical research trials at her Webster office. She is also involved in cancer genetics and outcomes research. She has authored in many publications and presented her work at numerous national conferences.

Other Information

Dr Kodali is married and has two children. She lives in Friendswood and in her free time she enjoys traveling and spending time with family. She is involved in outreach activities.

Accolades & Memberships

- American Medical Association
- American Society of Clinical Oncology
- American Society of Hematology
- Harris County Medical Society

She received a Merit Scholarship from the government of India for scholastic excellence in addition to prize awards in several regional and national meetings in the United States (ACP, ACCP, ASBMT)
